SARANGA NUWAN HATHURUSINGHE

BSc (Hons) Computational Mathematics Undergraduate, University of Colombo
Colombo (Wijerama), Sri Lanka | sarangaugc129@gmail.com
LinkedIn | GitHub | Portfolio Website

Profile Summary

Final-year BSc (Hons) Computational Mathematics undergraduate at the University of Colombo, with experience in quantum computing research, deep learning, and data analysis. Seeking a part-time remote role in data analysis, machine learning, or quantitative research.

Education

BSc (Hons) in Computational Mathematics *Expected 2027*

University of Colombo, Sri Lanka | Current Year: 4th Year (Final Year) | Cumulative GPA (up to 3rd Year): 3.42 / 4.00

G.C.E. Advanced Level (A/L)

Mathematics Stream - Results: A (Mathematics), B, B

Research Experience

Undergraduate Research - Quantum Computing *2025 – Present*

University of Colombo

- Researching *"Application of Quantum Algorithms for Structured Matrices"*, exploring quantum algorithms that exploit matrix structure for computational speed-up.
- Using Qiskit to design and simulate quantum circuits for structured linear algebra problems.

Technical Skills

- **Programming & Query Languages:** Python, SQL
- **Machine Learning / Deep Learning:** TensorFlow, PyTorch, scikit-learn
- **Quantum Computing:** Qiskit
- **Data Visualization:** Power BI, DAX
- **Additional tools & certifications:** see LinkedIn and Portfolio Website above

Projects

Multimodal Cancer Prognosis - Fusion & Training *Ongoing*

Group Project (6 members)

- Responsible for the fusion and training component of a multimodal deep learning model combining histopathology, radiology, genomics, and clinical text data for cancer prognosis prediction.

Superstore Sales & Customer Insights Dashboard

Personal Project

- Built an interactive multi-page Power BI dashboard on the Superstore Sales dataset, visualizing customer behavior, sales trends, and regional performance, with SQL-driven data preparation and DAX-powered measures.

Additional projects available on my Portfolio Website.

Leadership & Extracurricular Activities

FOS Media Club, University of Colombo - Treasurer *2025 – 2026 (Current)*

FOS Media Club, University of Colombo - Head, Graphic Designing Section *2024 – 2025*

Interests

Following and analyzing forex market trends as a personal interest in understanding market behavior.
